Awareness Class

**30 Dec
2024**

**School
Auditorium
At 10.30 am**

Our association is going to conduct an awareness class based on the topic "Understanding the Relevance of Participatory Approach in Vulnerability Assessment and Disaster Preparedness." In our ongoing efforts to enhance community safety and resilience, we are thrilled to announce a special session on the "Relevance of Participatory Approach in Vulnerability Assessment and Disaster Preparedness." This session aims to enlighten you about the importance of active involvement and collaboration in assessing vulnerabilities and preparing for potential disasters.

**Best regards,
